

JALT Listening SIG members meet up

LS369: Every March/June/ September

About LS369

The Listening SIG is proud to present our quarterly meet up for members.

LS369 is aimed at our members and potential members, and we will meet online on March 28th, June 27th, and September 26th.

Discussion topics include listening in general, teaching listening in business, and how to make our listening lessons more practical.

Join us to talk about a broad range of topics such as our upcoming events, our Listening Post journal articles, and also approaches to listening.

All sessions start at 7pm and last one hour. LS369 is designed for attendees to join us for a few minutes or stay for the whole one-hour session.

Next LS369:
